ALUMNI DANCE

ORGANIZATION ENJOYS DELIGHTFUL PARTY, ELECTS OFFICERS FOR COMING YEAR

Since the war came to awaken service men to a realization of how precious are their home and school associations, and since so many have returned to Glendale, there has been a great revival of interest in Glendale Union High Alumni Association and its annual party which was given Wednesday evening at the Masonic Temple with an attendance of about 200 young people, and in an exceedingly pretty setting. From the four corners of the hall ropes wound with ivy were brought to the central chandelier, the ropes being studded with flowers and hung with vari-colored Japanese lanterns. Palms were effectively used on the rostrum and great bouquets of Shasta daisies were disposed where they would add to the beauty of the ensemble.

Fine music was furnished by a four-piece orchestra, the grand march which took place at 9 o'clock being led by last year's president, Miss Rebecca Gregg, and Percy McIntyre.

During the evening the dance program was interrupted by a business session at which officers were elected as follows:

President, Ed Seay.
Vice-President, Grace Beach.
Secretary, Jane Snyder.
Treasurer, Frank Balthis.

It is expected that from this date on the relations between the school and the alumni will be closer than ever before and that the association will take a new lease of life.

CHURCH NIGHT OBSERVANCE

Church night was observed as usual at the Central Christian Church last evening with a supper of which forty or more partook. The prayer meeting following was led by Dr. Durfee. The subject was "The Blood of Sprinkling;" or, "A New and Living Faith." The leader dwelt upon the enthusiasm needed to push along Christian work instead of the merely mechanical obedience rendered by the Jews under the old dispensation. Dr. Dungan was present and spoke feelingly of the joys of Christian obedience. He said that though he was past 82 he was stronger than he was 80 years ago and was still trying to learn more about Christian service. Reports were given of the visit to the Old People's Home at Long Beach the day before, when 20 members of the church took part and the offering was the largest ever given on such an occasion.

FALSE ALARM

FIRE DEPARTMENT CALLED TO ROBINSON BROTHERS' STORAGE WAREHOUSE

Wednesday night a false alarm sent the men of Fire Station No. 1 to the storage warehouse of Robinson Bros. on South Brand boulevard. The cause was a smouldering rubbish fire back of the warehouse, the smoke of which was carried by the wind to the rear wall of the building then up and over it. An observer at the Elks' Club seeing the smoke hovering over the roof of the warehouse thought it was on fire and turned in the alarm. After a thorough investigation inside and out, the fire ladders extinguished the rubbish blaze when the smoke disappeared.

MISSIONARY CONVENTION

The annual convention of the Women's Home Missionary Society of the Pasadena District was held in Pomont Tuesday. It was a fine meeting and was attended by quite a delegation from the First Methodist Church of this city which included Mrs. C. W. Ingledue, Mrs. C. E. Burket, treasurer for the past year of the local auxiliary, Mrs. C. W. Spicker, the incoming treasurer, Mrs. E. Hoskyn, Miss Rosa Peck, now superintendent of the Queen Esther Circle, and Mrs. George Ward. They all came back feeling that they had received great inspiration for the coming year.

EPWORTH LEAGUE RALLY

Epworth Leaguers of Glendale sub-district will hold a big rally at the First Methodist church tomorrow evening at 8 o'clock. J. Ross Jennings, former president of the Pasadena district, together with a committee of enthusiastic Los Angeles Epworthians will give the latest about Arbamar Institute. This together with pictures, music and stunts will make a most interesting evening.

WEATHER FORECAST—Fair except cloudy or foggy tonight and in the early morning near the coast.

VERY PLEASANT PEOPLE

GLENDAL SOLDIER FOUND FRENCH MOST KINDLY AND AGREEABLE

So many of the boys returning from France seem to have a decided prejudice against the French people that just the opposite view, as expressed by a Glendale boy now on his way home, are really refreshing. This soldier, whose duties took him into the very heart of peasant France, as well as into many of the cities, speaks so appreciatively, in his last letter written a few days before embarkation, of the uniform kindness and consideration shown him at all times that we take pleasure in reproducing a few extracts from this letter, not only to give the writer's view of the French people, but to picture to our readers, faintly, the scenes attending preparations for the embarkation of thousands of American soldiers for the beloved homeland. The camp in question is at Le Mans. The letter follows:

We have had many daily inspections of equipment and also physical. Today we had our finals (in this camp). I have bathed twice in the delousing since I arrived so I again feel pure. I used to think the English camp at La Harve was the dirtiest place I had seen, but without a doubt this place beats it. It is terribly sandy and the sand is so black with all kinds of filth. So many thousand troops moving over it daily causes it to be in the air at all times so I am quite sure by now that I have quite enough grit in my gizzard to last for all time to come.

My organization was assigned (today) to the 193d Provisional Battalion of fifteen hundred men and that means we are ready to go. More than one hundred thousand are here waiting "to go." Thirty thousand left yesterday and train-load after train-load arrive daily for their clearances.

We have a cat and dog that we are taking back. The dog is such a little fellow, not as large as the Chihuahua, but is very bright. His name is Sammy. He is the one I have spoken of playing with the big dog, Voltaire. Voltaire is such a monster and Sammy so small that Voltaire would find it necessary to lie on his back in order to play.

The cat appeared from some mysterious place when it was very small. It was perfectly round, but has since stretched out. Today both the dog and cat are taking the triple typhoid immunization.

Much as I desire to go home, now when the time comes to really go, I feel a certain loneliness, for, after all the many hardships and trying situations, I have had a wonderful experience and have learned to love France, her beauty, her history and her wonderful people, so in time to come I shall forget the disagreeable things and shall have only the best of memories of the real France. We have seen France in adverse circumstances, so a number of the A. E. F. will return and thoughtlessly speak very disrespectfully of the "Frogs," because they felt they weren't being treated as they in all their greatness were entitled to, but I'm sure I've never met more agreeable people, especially those of the better class, and I am sure that if we were to return some day we couldn't find a people on the earth that would be more hospitable, and I might say appreciative.

I noticed a rather amusing sign along the railroad en route to this station. The French railroad has signs along the route marked thus: 35K to Berne, and beside one of these signs appeared another: 4820 M. to Chicago. I saw another place, a little old French home with a sign over the stable door: Coffee Dan's! Evidently that fellow had lived in San Francisco.

MEET ACROSS THE SEA

MURPHY BROTHERS ENJOY A HAPPY REUNION WHILE IN SERVICE ABROAD

G. Edwin Murphy, of 421 N. Brand Boulevard, who is still with the A. E. F. in St. Florentin, Yonne, France, writes of a most interesting leave of absence during which time he visited his brother, Sgt. G. Glenn Murphy, in England. Sgt. Murphy, who has been in service with the Canadian army for the past three years, is now remedial instructor in the Woodcot Park Convalescent Hospital at Epsom, Surrey, England. Although Edwin has been in France for almost a year, this is the first opportunity the brothers have had to see each other. Neither have any information as to the time of their home coming yet.

CROWN PRINCE NOW IN GERMANY

PEACE CONFERENCE RECEIVES REPORT HE HAS ESCAPED FROM HOLLAND ACCOMPANIED BY STAFF OFFICER

(Special Service to Glendale Evening News)

PARIS, June 26.—Frederick William Hohenzollern, former German crown prince, has escaped from Holland into Germany, in the company of a staff officer, according to reports transmitted to the peace conference.

Shortly after the Kaiser's abdication the crown prince went to Holland and was interned at Maastricht. Later he went to the Island of Wieringen, near Helder, where he has since been staying continuously except for infrequent trips to the mainland.

The belief prevails in some quarters that he will be demanded by the allies for trial with the Kaiser. Recent developments in Germany indicate that the royalist faction is gaining in strength. An organization of German officers recently notified Holland that they expect that government to refuse the demand of the allies for the delivery of the Kaiser. Several incipient movements for the restoration of the monarchy have been reported from the Rhine provinces.

TREATY TO BE SIGNED SATURDAY

HUNS TOLD SHIP SINKING IS EXAMPLE OF SPIRIT THAT MUST BE PUT DOWN TO GAIN ADMITTANCE TO LEAGUE

(Special Service to Glendale Evening News)

PARIS, June 26.—Secretary Dutasta of the peace conference, today told a representative of the United Press that the peace treaty would be signed Saturday. It is understood that three in the afternoon is the time set for the ceremony. It is also understood that Foreign Minister Mueller, Herr Giesberts, and Herr Leinert have been appointed to sign for Germany. They will reach Versailles Friday night or Saturday morning.

The allied note to Germany protesting against the sinking of the German ships, declared the incident was an example "of the spirit which the Germans must put down if they desire admittance to the league of nations on an equal footing."

HOSTILITIES IN SIBERIA

ONE OFFICER AND THREE MEN KILLED IN GOING TO ASSISTANCE OF COMRADES HELD BY BOLSHEVIKI

(Special Service to Glendale Evening News)

June 26.—Major General Graves, commanding the American-Siberian expedition, today cabled that one officer and three men had been killed and two others wounded when they went to the assistance of five comrades captured by Bolshevik forces. The incident occurred on June 22d. The men were regulars and members of the 31st Infantry.

CONGRESSIONAL PROHIBITION MEASURES

UNITED STATES CIRCUIT COURT OF APPEALS UPHOLDS THE CONSTITUTIONALITY OF WAR-TIME PROHIBITION

(Special Service to Glendale Evening News)

NEW YORK, June 26.—The United States Circuit Court of Appeals today upheld the constitutionality of war-time prohibition. It issued an order dissolving the injunction granted the brewers by Federal Judge Mayer and restraining the revenue officers from enforcing prohibition as applied to 23-4 per cent. beer. The court held that Judge Mayer lacked jurisdiction. It recommended the United States Attorney to hasten the determination of the issue in the highest court and in the meantime to interfere with the brewers' business as little as possible.

WASHINGTON, June 26.—The House Judiciary Committee today voted to draw separate enforcement acts for constitutional and war-time prohibition. They will modify some of the drastic features of war-time prohibition.

ANOTHER INCREASE OF FREIGHT RATES

RAILROAD ADMINISTRATION FACES SERIOUS PROBLEM OF MEETING DEFICIT

(Special Service to Glendale Evening News)

WASHINGTON, June 26.—Director General Hines today told the House that the Interstate Commerce Committee of the Railroad Administration is seriously considering another freight rate increase. He said the administration faced a great problem in its endeavors to meet deficits.

BIDS ON EXCESS MEAT REJECTED

WAR DEPARTMENT TURNS DOWN OFFER TO BUY FORTY-TWO MILLION-POUND SURPLUS OF U. S. ARMY

(Special Service to Glendale Evening News)

WASHINGTON, June 26.—The War Department today rejected all the bids it has received on the army's 42,000,000-pound surplus stock of meat. The rejection was based on unsatisfactory prices and inadequate distribution.

FARNER--LEPPLEMAN

QUIET BUT PRETTY WEDDING CELEBRATED AT BRIDE'S HOME ON MILFORD STREET

A very quiet but pretty wedding, celebrated without formality, took place Wednesday morning at 11:30 at the home of Mr. and Mrs. S. C. Leppleman, at 357 West Milford street, when their daughter, Miss Lillian Leppleman became the bride of Fred N. Farner, son of Mr. and Mrs. Fred G. Farner of 604 North Glendale avenue. Rev. E. H. Willis officiated and the only witnesses were the parents of the bride and groom, their brothers and sisters, viz: Mrs. Bevans, John R., William, and Edna Farner, Mr. and Mrs. Lewis Leppleman and son.

The young people will be ready to receive their friends in their own home on California street in about ten days. Both are popular in the social circles which know them best and their friends rejoice that marriage does not take them from Glendale.

VAN OSDOLL-BURKE

MARRIAGE OF WELL-KNOWN YOUNG PEOPLE CELEBRATED IN PRETTY HOME SETTING

A pretty and quite elaborate home wedding was celebrated at 8 o'clock Wednesday evening, when Miss Bessie Van Osdoll, daughter of Mr. and Mrs. W. M. Van Osdoll of 612 East Elk avenue, and Merrill D. Burke, son of Mr. and Mrs. J. J. Burke of 1242 South Maryland avenue, were united in marriage, Rev. Clifford Cole officiating.

A pink and white color scheme dominated the function and featured the very beautiful floral bell beneath which the ceremony was performed. The bride was attired in a gown of white Georgette and taffeta with veil and orange wreath and carried a shower bouquet of pink rosebuds. Her maid of honor, Miss Emily Van Osdoll, was also in white Georgette and carried sweet peas. Little Maurine Burke dressed in pink taffeta served as flower girl, the groom being attended by Earl R. Dalbey, of Redlands, as best man.

Miss Helen Best of this city played the Spring Song by Mendelssohn as a preliminary to the ceremony and also played the Mendelssohn Wedding March, Miss Olive Eader of Los Angeles singing "I Love You Truly" to an accompaniment played by Miss Best.

Following the ceremony a wedding supper was served of which a conspicuous feature was a beautiful wedding cake surmounted by doves. The young people left the same evening by automobile for the Yosemite Valley where they will spend their honeymoon. On their return they will make their home in Glendale. The groom is a traveling salesman for large tobacco merchants in Los Angeles.

The wedding guest list included the parents and members of the bridal party; already mentioned: Mr. and Mrs. Bruen and daughter Viola, of El Monte; Mrs. Conrad, also of El Monte, E. J. Jackson, Miss Helen Best, Albert K. Lewis, Mrs. E. L. Early, grandmother of the groom, Mr. and Mrs. C. M. Burke, Ervin, Clifford and Bert Van Osdoll, brothers of the groom, the last mentioned having come from Exeter, Cal., to attend the wedding, Mrs. George Hall, Miss Shula Crawford, Mrs. F. S. Church, Captain and Mrs. Fleming, Mr. and Mrs. E. R. Best, Miss Dorothy Van Osdoll, Miss Ethel Burke, Miss Violet Eder.

Mr. and Mrs. Burke were the recipients of beautiful gifts of silver, china, cut glass and linen.

M. J. MCGREW BREAKS ARM

M. J. McGrew, proprietor of the Broadway Garage, 721 East Broadway, fell from a high stepladder yesterday and broke his right arm just above the wrist. As he has previously had both ankles and his left arm broken he is rather used to the painful sensation, but that does not make it any the less disagreeable.

STRONGEST ENFORCEMENT BILL FOR WAR TIME PROHIBITION

The House Judiciary Committee yesterday decided to report out a straight, clear-cut enforcement bill for war prohibition. Separation of enforcement measures for the July 1st and next January 1st enactments was considered necessary by the committee because of the manifest differences in the two issues and the possibility that the exemption of beer and light wines from the War Time Act might be permitted by Presidential proclamation. The enforcement bill decided upon is the most stringent bill ever reported to congress.

HOME WEDDING

GERTRUDE VAN PELT AND JOHN MILTON STADT MARRY AT HIGH NOON TODAY

Today at high noon was celebrated the marriage of Miss Gertrude Van Pelt, daughter of Mr. and Mrs. Henry Van Pelt at the family home, 417 North Central avenue, when she was united to John Milton Stadt. Only the immediate relatives of the contracting parties were present, these including the parents of the groom, who came from Iowa to attend the wedding, Mr. and Mrs. Busker and two daughters and son, from Pasadena; Mr. and Mrs. Harry Chase, John Vandenburg and Miss Emma Vandenburg, of Ocean Park; Mr. Shirley, from Ocean Park; Mr. and Mrs. G. T. Hatley, from Santa Ana, who are life-long friends of the bride's parents; Mr. and Mrs. Pollard, from San Pedro; Mr. and Mrs. Henry Van Pelt, Misses Anna, Harriet and Viola Van Pelt.

Rev. E. H. Willis officiated, Will Stadt, brother of the groom, serving as best man, while Miss Anna Van Pelt, sister of the bride, was maid of honor. The bride's cousin, Mrs. Chase, played the Mendelssohn Wedding March and two sisters of the bride participated in the ceremonies, little Viola Van Pelt being the ring bearer and Miss Harriet Van Pelt singing Cadman's beautiful "At Dawning."

The ceremony was performed under a canopy of ferns, carnations, sweet peas and roses, the bride wearing a simple gown of white Georgette and carrying a shower bouquet of white roses, the maid of honor being gowned in blue Georgette and carrying pink roses.

Following the ceremony the bridal party motored to Los Angeles and enjoyed a wedding breakfast in the Assembly Tea Room of the Brack Building, returning for a social afternoon at the Van Pelt home until Mr. and Mrs. Stadt left by auto for Big Bear Lake where they will spend their honeymoon.

On returning they will establish their home at Sunset Court, San Pedro, where the groom is employed as an engineer at Fort McArthur.

The wedding is the culmination of long acquaintance which began in their old home town of Orange City, Iowa.

The bride and her parents have been residents of Glendale for about eighteen months and she will be missed in the circle of young people in which she is a favorite.

C. E. CONVENTION

MANY GLENDALE ENDEAVORERS WILL ATTEND BIG MEETING AT LONG BEACH

The big State Christian Endeavor gathering of the year will be held at Long Beach this week. Beginning with the Saturday night session in the big Long Beach auditorium the Endeavorers will know no let-up until the closing meeting Wednesday night.

Eminent speakers from all parts of the country will be there to speak to the young people, among whom are Rev. Charles G. Trumbull, editor of the Sunday School Times; Rev. W. H. Griffith Thomas, of Toronto; Charles R. Scoville; Rev. John R. Voris, secretary Inter-Church World Movement; Rev. John E. Brown, known to Glendale folks since he was here in the Brown and Curry meetings some time ago, and many others equally as good. Bible classes, conference periods, convention sessions and sports will be included in the program, and it is a Convention that no Endeavorer in Los Angeles county should miss. Practically every member of the C. E. Society of the Glendale Presbyterian Church will get into some session, if not all. Why not join the "live" bunch and go down to Long Beach, meet Endeavorers from all parts of the state, and have an enjoyable as well as profitable vacation this year? Come on to Long Beach!

NIGHT BLOOMING CERESUS

Mrs. Edward S. Lawrence of 1304 North Maryland avenue is the fortunate possessor of a Night Blooming Cereus which is now in flower. A blossom opens every evening about 7 o'clock and stays open until daylight the next morning. Two buds now remain which will open tonight and Friday evening and Mrs. Lawrence is generously inviting any one who would like to see one of these floral rarities to visit her home on the evenings mentioned. The flower is about the size of a dinner plate and is of blended white and cream color. The plant is one of the cacti, a relative of the giant cactus of New Mexico and Arizona.

BIG DOG IN A LITTLE TOWN, OR LITTLE DOG IN A BIG TOWN?

Breathes there a man with soul-so dead,
Who never to himself hath said,
"This little town just takes the cake!"
This little town I helped to make?"
One day I bought a lot out here
And built my home and now it's clear.
A near-by church I helped to build,
And smiled when all the pews were filled.
The library I helped to get,
And kept the town from going wet.
The High School, Fire House, City Hall
I pitched right in and helped with all.

My wife goes to the Tuesday Club,
And for the Ladies' Aid cooks grub,
And when the war begun, by gosh,
Helped organize the grand Red Cross.
And say, the lodges here are fine,
The Masons and the Elks for mine!
I helped both orders build a home
When to make the raise was going some!
I voted for electric lights,
To shine on all our streets o' nights,
I've helped to spread from lip to lip,
The gospel—Municipal Ownership.

And now I hear some sucker say,
"Annexation to Los Angeles is the only way,"
Why, most of the residents in this town,
Moved from Los Angeles to settle down.
I lived there once some years ago,
When they had a slogan, "Watch us grow."
That slogan's a bait if you'll analyze
The way it affected poor Van Nuys.
Real estate sharks opened tract after tract,
And buyers were all in the world they lacked,
Some lots they sold for a dollar down,
Some are still weed beds in the heart of the town.

Shall we lose all the rights acquired,
The hopes to which we have aspired,
In owning our own water and lights,
To help Los Angeles swallow our bites?
What would happen when our streets break through?
Streets that are now so clean and new.
Our taxes paid to Los Angeles,
She'd use on streets from hills to seas.
West Washington, Cimarron and Tenth Avenue,
Are samples of street work she would do.
I say pay our taxes to little Glendale,
And go to our own city hall to wait!
If things go wrong; and if things go right,
Then climb in the Booster's boat and sit tight.

TICE

ABOUT THE GERMAN

The German is a queer beast. And one of the awful things about him, one of the hopeless and ominous facts of his nature, is that even now he does not or will not understand the enormity of his crime against civilization. A few hundred or thousand of his intellectuals may have—or pretended to have—a conception of it, but neither the ordinary burgher nor the ordinary junker is conscious of the meaning of his sin against humanity.

Individually, the Germans are not a bad lot, our extreme hate-mongers to the contrary notwithstanding. Much of their cheerfulness under the American regime, their willingness generally to serve their conquerors to the best of their ability, their frequent generous courtesy to men billeted in their homes is pure propaganda, but not all of it. There is a large admixture of genuine kindness in their attitude, and yet these are the same people who furnished the soldiers that perpetrated every form of beastliness in war, and who applauded and even celebrated that beastliness and brutality while it seemed successful. And now that it is all over, they are sorry—because it failed! Ask them if they knew of these things and many will say they did not, but those who did know can't understand that they ought to be ashamed of the record, and the smallest storekeeper comprehends as little as Bertha Krupp the world's view of what Germany represented and still represents in the minds of humanity.

Is it heredity or education? Is there some taint in the German soul that it will take generations to eradicate. I don't know but I am inclined to believe that if it is possible for this generation of Germans to establish free schools where truth can be taught, perhaps the generation that is now playing about in the Rhineland and making friends with American doughboys—for a child can always do that and non-fraternization orders don't apply in such case—will grow up to make a German democracy that is safe for the world.—Berton Braley, in July Sunset.

THE LEAGUE OF NATIONS

In a word, Mr. President, this League means that American boys shall police the world; that all the tottering nations of the earth shall be upheld by our blood and our bone; that Europe, Asia, and Africa may draw upon us in their every dispute and quarrel; that our Nation will be at the mercy of European and Japanese diplomats, who never had and never will have any sympathy with our aspirations or our ideals; that we with our glorious past shall guarantee the territorial integrity of every country on earth and the bondage of every suffering people in anguish begging for freedom; that we destroy our Monroe doctrine and submit controversies on the American hemisphere to determination by foreign powers. It means that I must abandon the lessons of my youth, which until this

moment have been the creed of my manhood, of American ideals, American principles, and American patriotism; that I must deny the Americanism I taught my children, and that under God's blessing I hope to teach my grandchildren. It means the halting and betrayal of new-world liberalism, the triumph of cynical old world diplomacy, the humiliation and end of American idealism.

Certain partisan gentlemen have of late been making the issue partisanly. For one, I make the issue with them. It is not one political party or the other. The issue is the Republic; the Republic that Washington gave us, that Lincoln saved for us, whose traditions and ideals have been so gloriously upheld by our valiant sons abroad. The issue is American. And I am an American.—Hiram Johnson, speaking in U. S. Senate.

TUJUNGA

There has been quite a bit of controversy in regard to the proposed increase in water rates. A committee was appointed to wait on the R. R. Commission and protest the increased rate. It has been suggested that a committee be appointed to get every resident of Tujunga to sign a petition to the R. R. Commission asking that they make the owners of vacant land pay the four dollars a year for upkeep of the water system, instead of putting the increase on the present users who are by their industry increasing the value of this vacant land, whose owners would never have purchased had not water been assured them. So we cannot see why they should not pay for the upkeep of the system. We have always considered this clause of exemption as the most unjust of the Commission at the time they were called in to adjust matters.

The condition of Mrs. Leo Lang is so much improved that it is thought she will be able to come home by the Fourth of July.

Carol Parcher will spend his vacation at Arosi, in San Joaquin Valley, working on a ranch. Don Wieman is at the same place. If these boys think Tujunga is a warm spot in summer, they will find the valley has a few points ahead of this section before they return.

Mr. Green of Glendale was a caller in Tujunga on Wednesday.

The acre home, on Marshall street, belonging to George Shesher, was sold by Dean & Co. to Mr. and Mrs. A. E. Bohanen, of Glendale, who will move here and make their home among us.

Mrs. Morrow, who purchased the Ben Clark place on Sunset boulevard, was here on Monday planning to remodel the house, and will come up soon to remain.

Mrs. Smallie has been on the sick list since her return from Sawtelle, where her old enemy, asthma, met her and sent her again to the hills.

Mrs. Hoffman and friend, who have occupied the Arthur home on San Ysidro Road for the past three months, left for Los Angeles and the beach on Monday, and will return to Arizona later. She has enjoyed the time spent here.

Miss Allison is again below normal in health, but hopes the hot weather will work wonders for her.

The venerable father of W. H. Wieman celebrated his 99th birthday on Monday in very good health, and hopes to reach the next birthday and round out the century.

Nurl Fish is helping Mr. Johnson at the store during the summer vacation.

Miss Wall was unfortunate in losing her watch on Monday between the store and Mrs. Ward's residence. On Wednesday morning Mrs. Ward found it near the wall she crossed over, and restored it to the lady.

On account of continued ill-health, Mrs. Shaner of Sunset boulevard contemplates selling her home and going to Los Angeles, where she can be under the care of her physician. Mrs. Shaner is one of our pioneers and we hope she will reconsider the matter and remain here.

Mrs. Bradford of Sunset boulevard has been quite ill the past week, and still has to be cared for by her neighbors and friends.

Mr. Samuel McWilliams wishes to thank all his neighbors who so kindly assisted in the caring for his wife during her last illness, as well as the Woman's Guild for their kindness, and the beautiful flowers sent to her.

There will be a dancing party given at Bolton Hall, on Saturday evening, June 28th. Admission twenty-five cents each. Refreshments served.

CLASSIFIED ADS

FOR SALE

Personals

Mrs. J. N. McGillis and son, Newton, are enjoying an outing at Venice.

Mr. and Mrs. George Mangun of 416 Patterson avenue have gone to San Diego and will be guests at Coronado Beach.

Mr. and Mrs. I. W. Lewis, who have been living at 714 Orange Grove avenue, moved Tuesday to 317 West Broadway.

Dr. and Mrs. R. V. Hogue, their son Benly and Mrs. Tuck left Monday for Big Bear Valley where they plan to camp for two weeks.

Mrs. C. H. Eudemiller, a former resident of this city, spent Tuesday in Glendale and attended the luncheon of the Tuesday Afternoon Club.

Mrs. E. H. Bartlett of Brand boulevard spent Wednesday afternoon in Los Angeles in attendance on a function given by the Daughters of 1812.

Victor Francy of 136 North Kenwood street, left Monday morning for Van Nuys, where he has contracted to work on a ranch during the summer months.

Miss Rose Clancy of Eagle Rock entertained at a beautifully appointed luncheon, Mrs. Robert Charles Goudie and Miss Grace Goudie of this city. The afternoon was spent in needlework and music.

Mr. and Mrs. Riley Proctor, who have been residing at 114 1/2 South Orange street, have moved this week to 359 Salem street where they will be neighbors of Mrs. Proctor's parents.

R. L. McCourt of 336 North Central avenue has taken fourteen members of Troop No. 2, Boy Scouts, on a hike and camping trip to Mount Wilson. They will be gone until Saturday and are certain to have a royal good time.

A. Y. Lindsey, who recently sold his variety store at 118 North Brand, leaves today for Eureka, Montana, where he owns a general store, in partnership with a brother, who is conducting the business now. Mr. Lindsey was in business a year and a half in Glendale.

Philip Davis, of 365 Salem street, a graduate from the 1919 class of Union High, leaves tonight for Modesto, where he will have outdoor work this summer on a ranch owned by his uncle. He is a jolly boy, a great favorite with all his friends and neighbors by whom he will be much missed.

Mr. and Mrs. George Peck, former residents of this city, motored up from their present home in El Centro, Imperial Valley, this week. Mr. Peck will return in a few days, but Mrs. Peck will remain for a visit of a month or more with her mother and other relatives at 129 West Los Feliz Road.

Prof. and Mrs. Harry Howe have satisfactorily leased their house for the summer and will start Monday with their daughter and other members of their family for Michigan, where they expect to spend the next two months. They warmly praise the efficiency of the Evening News as an advertising medium for those who have houses to rent, as two insertions of their ad brought many more applicants than they could satisfy.

Dr. and Mrs. J. E. Eckles of North Brand Boulevard, have been disappointed in the non-arrival of their son Merle, who confidently expected to sail for home two or three weeks ago. As no telegram has come announcing his arrival on the Atlantic Coast, they can only conclude he and his comrades in arms were held overseas until peace is signed. If this is the case it will be quite as bitter a disappointment to Merle as it is to his parents.

Mrs. James Ewins of 615 South Verdugo Road accompanied by her children and by Mrs. Charles Woods of Hollywood and Mrs. Connors and Miss Vinette, of Los Angeles, motored to Ocean Park Tuesday for a picnic on the sand with Miss Edith Ewins who is employed as a pharmacist in a Long Beach drug store. Miss Alice Ewins is spending the week there with her sister. Later in the season Mrs. Ewins and her youngest daughter will go down there for a week's outing.

We have just taken the exclusive agency for a few lots in Glassell Park, and can deliver these to you at the mortgage value if quick action is taken. These lots are 50x150, gas, water, sewerage, paved streets, all built up. Excellent car service, wonderful view of Mt. Wilson, Mt. Lowe and Old Baldy. Just the place for your future home. Once you live on this high level plateau and enjoy its cool nights and comfortable days, you will never desire another location. We can give you very easy terms, small initial payment and balance 6%. Some reduction if you build. Ask for John Y. Lambert, Alex. Culver Co., Culver Building, Broadway at First. 63268. 251t1.

GLEN EYRIE CHAPTER

A new chapter in life's history opens.

After he has said

"Will You?"

And she has said

"Yes,"

leave the floral worries to the

Glendale Plant and Floral Co.

124 S. BRAND.

Phone Glendale 1030.

Rev. C. A. Cole will deliver the commencement address at La Crescenta school this evening. He performed a like service for this same school last year.

The meeting of the Live Cole Class of Central Christian Bible School, planned for tomorrow night at the home of Miss Bessie Jeter, has been postponed on account of the picnic to be held by the school tomorrow in Griffith Park.

A. A. Baird and wife are now cosily settled in their recently purchased home at 420 Milford. Mrs. Baird arrived from Oakland Tuesday and she and Mr. Baird have spent all their spare time since then in overseeing the placing of their furniture shipped from Chicago and new pieces they purchased out here.

Members of the Queen Esther Circle met at the home of Miss Dorothy Peart Tuesday evening and elected officers for the coming year as follows: President, Miss Madeline Love; vice-president, Roberta Hopping; secretary, Helen Wilson; corresponding secretary, Dorothy Peart; treasurer, Flora Kenney; mite box secretary, Hazel Wilson. Refreshments were served and a social good time enjoyed following the business session.

Mrs. Jacob Schremp and her daughter, Miss Esther Schremp, of 342 W. Broadway, left a few days ago for the East via the S. P. and connections to Galveston where they were planning to take a steamer for New York. In that city they will visit relatives for two or three weeks and then go on to Mrs. Schremp's old home, Utica, New York, where she has a host of relatives and friends with whom she and her daughter will visit for the coming three months.

Our neighboring city of Burbank is considering an application for the privilege of establishing a landing place for aeroplanes within city limits.

Mrs. Fred Humphrey of San Jacinto, formerly Miss Gladys Anderson, of this city, is visiting her parents, Mr. and Mrs. H. T. Anderson, of 247 North Orange street.

MASONS TO HAVE BEEFSTEAK BARBECUE

As a pre-vacation get-together the members of Unity Lodge, No. 368, F. and A. M., and their Masonic friends will indulge in the annual beefsteak supper at Griffith Park Friday evening of this week. The fun begins at four o'clock and lasts until nine. The eating will begin at 6:45 p. m. A baseball game and other special features will be on the program. These "Beefsteaks" have been discontinued during the war period and this one will attempt to give full value for the two that have been omitted. Reservations must be made with the secretary today if you want to eat.

COMMITTEE.

GOOD ROADS MEAN BOTH PROFIT AND PLEASURE

They Will Prove of Economic Advantage; Are a Military Necessity; An Attraction to Tourists and a Source of Untold Pleasure to Californians

Every voter who is registered should exercise his franchise on July 1st without fail. You who are interested in seeing California possessed of an abundance of graded and paved highways should see to it that every possible vote in favor of the \$40,000,000 good roads bond issue is cast on July 1st.

California has now one of the finest public highway systems in the United States. It consists of more than two thousand miles of highway.

These roads were built under the appropriation of 1910 and 1916. Now it is necessary to connect up some laterals of the present highway system, extend and repair some of these roads, and to add and improve new roads, both paved and graded.

Furthermore, these roads will be of great benefit from an industrial standpoint, affording a means of quick transportation from various farming communities to the markets in the cities. Motor truck transportation is rapidly coming to the front as one of the principal economical and satisfactory means of carrying commodities, particularly on short hauls.

Attraction for Tourists

It is estimated that more than one hundred thousand tourists visit California yearly. Many of these people come here with the intention of enjoying the out of doors to the fullest extent; many, also, purchase, rent or in some other manner acquire automobiles for their use while

here. They have heard of California's good roads, and all Californians want to give them what they are looking for.

One of the most important things to be considered in voting on the good roads project is the fact that this highway construction work will absorb practically all of the unemployed labor in California. Preference will, of course, be given to returned and returning soldiers, but after that all laboring men out of employment may be put to work improving California's highways.

Get Your Friends to Vote

Every motorist and every individual who favors the improvement of California's highways should not only vote himself, but call to the attention of his friends that July 1st is the day to put the stamp of approval on what our highway commission has done and intends to do for the state in the way of building new and much needed roads.

Remember, July 1st is the day. Vote yourself, have the women folks vote, and get all your friends to vote in favor of the \$40,000,000 good roads bonds.

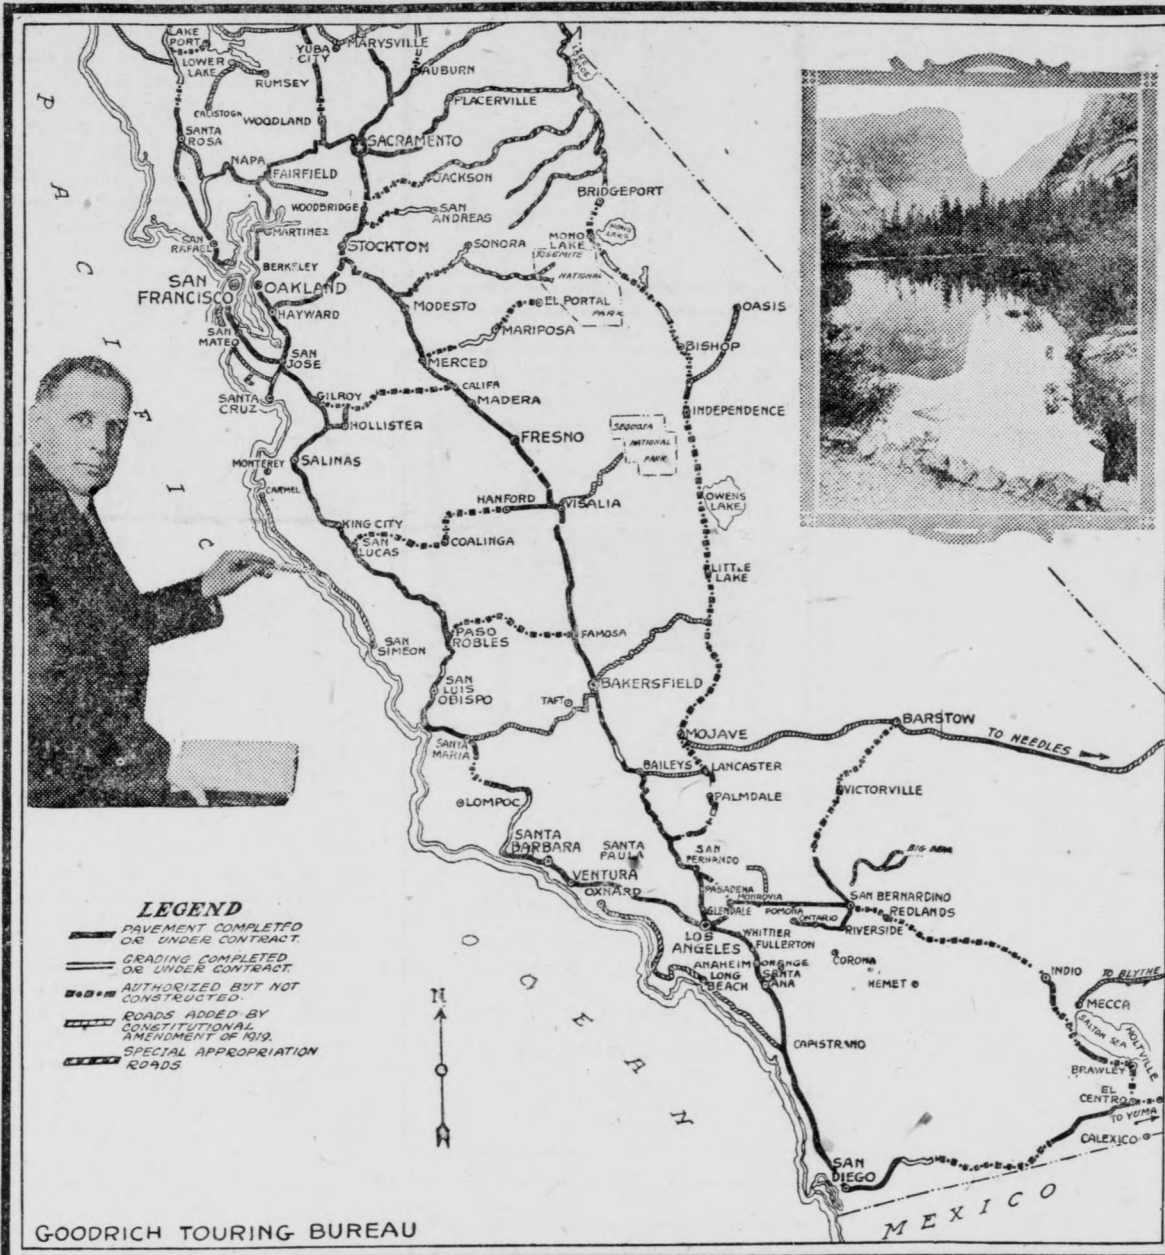

NEW ROADS TO BE BUILT UNDER BIG BOND ISSUE

The new roads to be constructed under the proposed \$40,000,000 bond issue are listed below, together with their estimated cost.

In addition to these, the uncompleted roads originally planned under previous bond issues, will be finished out of the \$40,000,000

Where Bond Issue Money Will Be Spent

Map, Prepared by B. F. Goodrich Rubber Co., Shows Southern California Roads to Be Improved Under Provisions of \$40,000,000 Bond Issue. Insert—N. D. Darlington, Chairman State Highway Commission.

State's Good Roads Program Carried Out in Face of Great Obstacles

The following excerpts from the report of the California State Highway Commission, of which N. D. Darlington is chairman, explain how the work was done and how the money voted under the bond issues of 1910 and 1916 was spent:

In 1910 California passed its first state highways act providing for a bond issue of eighteen million dollars to build a specific trunk line system of highways. This act was passed by a bare majority of the people of the state, being defeated in Southern California by an aggregate vote of three to one.

In 1916 the second highways act was passed providing for a bond issue of fifteen million dollars.

The original eighteen millions were exhausted by January, 1917. The funds from the new bond issue could not be available under the act until after the beginning of the new fiscal year, July, 1917.

In April, 1917, the United States entered the war. Conditions became increasingly abnormal; costs of labor, equipment, materials and subsistence steadily increased. Shortage of skilled labor and transportation developed. None the less, the work progressed to the utmost limit of the facilities available. During this year highway work east of the Rockies was almost entirely suspended—but California kept on.

By the fall of 1917, the war conditions developed conspicuously in California. A freight embargo was laid on the use of open cars for highway purposes by the War Industries Board. To meet this situation, various transportation expedients were adopted. Cement and materials were shipped in open cars or in box cars, were hauled by motor trucks and tractors, and the commission even leased and operated cars of a type exempt from the embargo.

As these conditions developed, the work had gradually dragged. The state was delayed in the delivery of materials on contracts, due to lack of transportation. Contracts that should have been finished in 1917 remained for completion in 1918, either through the inability of the contractors to finish or due to their deliberate choice of reserving the work for possibly more favorable conditions in 1918.

Increasing Wages Effect Contracts

The advancing wages paid to laborers had naturally a most serious effect on the unit prices bid by contractors on state highway contracts so that in 1917 and 1918 contracts were let frequently at unit costs from 40 to 60 per cent greater than were used in the preliminary estimates made in 1914 and 1915, on which the second bond issue was based. While the highway work in 1918 progressed under every character of difficulty, it did progress.

In the early weeks of the year, the commission and its engineers carefully canvassed the situation, with a view to determining upon a construction program for 1918 that would comprise only the essential highway projects. Out of approximately 150 projects all but 31 were

eliminated from consideration for the year 1918.

On account of these increased costs several portions of the original system remain upon which no work has yet been done. These portions of the original system are being finished now, and some very few will remain to be taken care of under the new appropriation.

Connecting Missing Links

It is obvious that the gaps in the state highway system, exclusive of the special laterals, cannot be constructed with what remains of the bond issue money and have the results satisfactory to anybody.

The main trunk lines will be left in good condition with few, if any, important links missing, but the extraordinary advances in the costs of labor, materials and transportation which have resulted from the war conditions have vastly lessened the purchasing power of the bond issue.

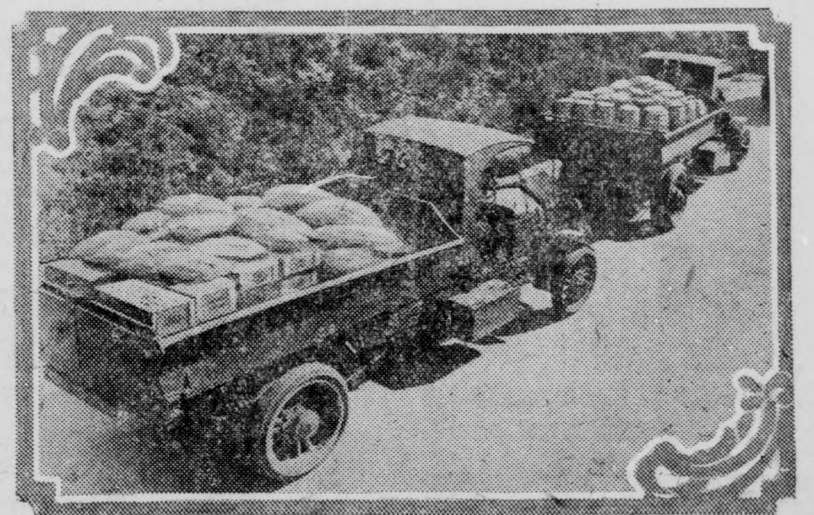

It is doubtful if any contract has been let since the beginning of the year 1917 which has not cost at least 50 per cent more than was estimated in 1914-15.

Most of the large bridges on the state highways have been built or paid for by the counties in which they are located, and estimating roughly it is conservative to say that not less than \$3,000,000 have been spent by the counties in this manner for the benefit of the state as well as for their local use.

—VOTE FOR GOOD ROAD BONDS—
MATERIAL FURNISHED BY B. F. GOODRICH COMPANY

The photographs and material on this page pertaining to good roads and reason for supporting the \$40,000,000 bond issue, were gathered and presented for publication by the B. F. Goodrich Rubber Company, manufacturers of Safety Tread and Silvertown Cord tires.

To Link Farm and City

Automobile Trucks Transporting Merchandise From City to Rural Towns—Paved Roads Bring Market to Farmer's Door.

Improved Highways Will Solve Market Problem for Farmers

Producer and Consumer To Be Brought Into Close Contact by Improved Highways

The Imperial Valley, one of the richest farming and market gardening sections of the United States, will be brought into direct automobile connection with Los Angeles and San Diego if the \$40,000,000 is voted for road improvements.

You are a farmer. You have fruit, vegetables, butter, eggs, all sorts of good things a farmer knows how to raise. The crop is maturing. The fruits of your labor will soon be ready for the market. Your chief concern is to get your produce into the consumers' hands and get a fair profit for your labor and investment.

A buyer from a commission house visits your section of the country. He looks over your marketable commodities and offers you a price. You may not think it fair. You argue. The commission agent says "That's all I can offer you. That's all any of the buyers are giving. That's the market price." He shrugs his shoulders in a manner that says more eloquently than language: "Take it or leave it." And you take it.

Why? Because you are at his mercy.

You know that you are separated from the market by many miles of bad road. It is better to accept a lower price than to have your goods spoil on your hands.

How Good Roads Will Affect Farmer

Think what it would mean to you if your section of the country was served with paved asphalt or concrete roads. You could load your produce on to an automobile truck and speed it to market yourself. Or, even if you hadn't a truck of your own, the paved road would most likely put you within the reach of an auto stage or delivery line which would take your produce to a buyer with whom you had previously arranged for its disposal.

Think what good roads will mean to the farmer within the next ten years. Think of all the automobile delivery lines that will spring up all over the country. The improved highways will practically bring the market to the farmer's door.

Gradually the railroad as a short haul conveyor will cease to be a distribution factor between the producer and the consumer. Car shortage delays, consequent damage and loss of perishables will soon be a thing of the past.

Fruits and vegetables will not be permitted to rot in large quantities because the farmer is unable to get them to market. Shortage of cars will not turn his hair gray. The middle men will be unable to give the producer a miserable figure and decline to haul the stuff away so that high prices may be maintained.

An Economic Advantage

The automobile delivery truck and good roads, two tremendously important factors, will bring the producer and the consumer close enough together so that they may bargain for their mutual benefit.

And there is an equally important message in this for the city dweller. It is sufficiently plain that he who runs may read.

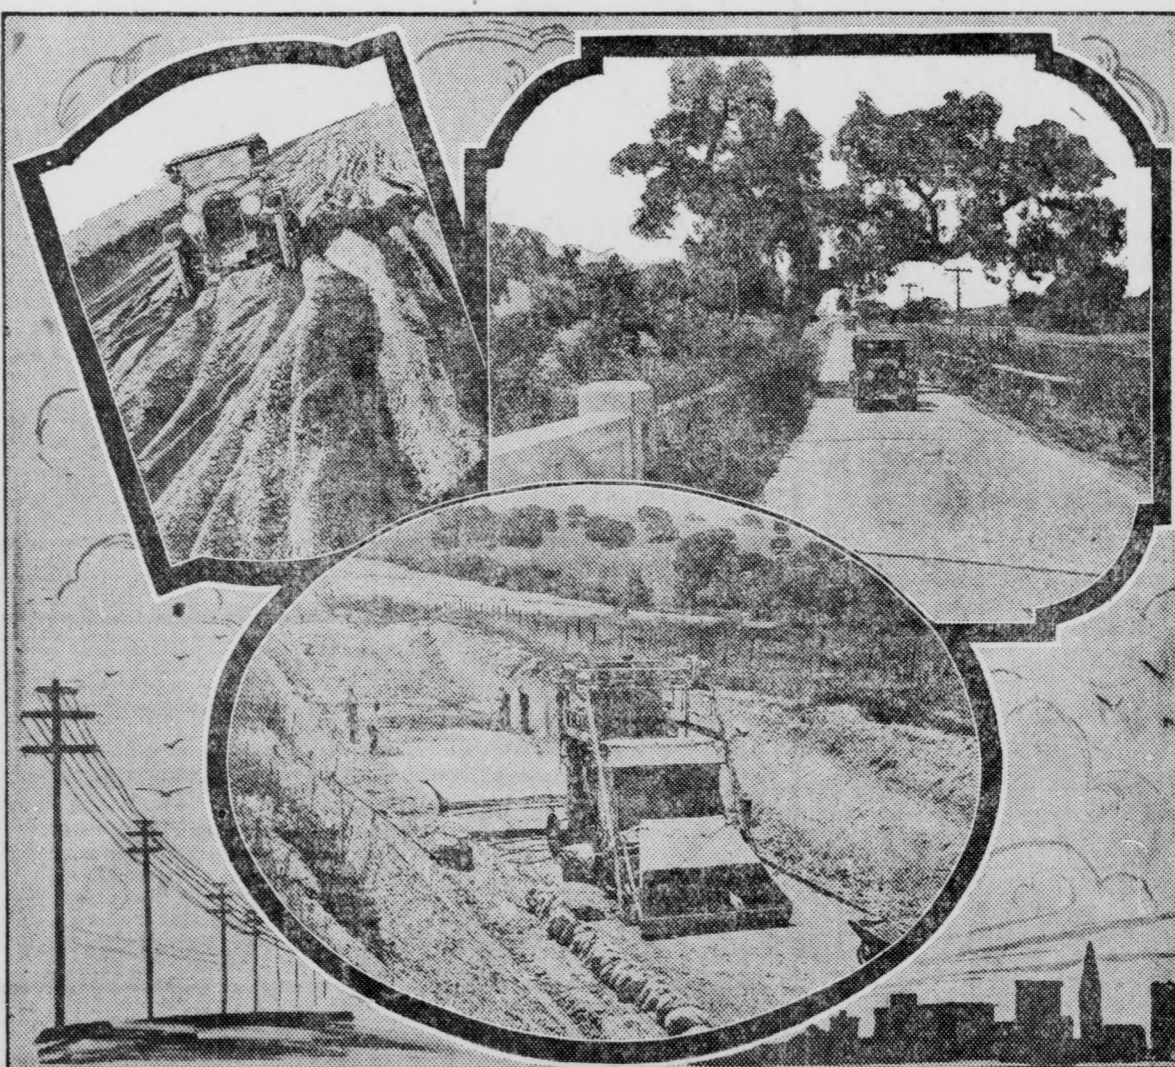

All of which means that on July 1st a great opportunity will be presented to the people of California—farmer and city dweller alike. They will be given the chance to make an investment that will profit them a hundred fold.

They will be asked by the state to invest forty millions of dollars for good roads. It is an investment that will pay wonderful dividends. It will prove a stimulant to prosperity by increasing production which, in the last analysis, is the source of all wealth.

As a common sense farmer, as a common sense business man, what will you say when you are presented with the ballot for the good roads bonds? Yes or no?

San Diego, Long Beach and Pasadena are all especially interested in the success of the bond issue because it will mean the completion of roads which directly affect them. The new highways will assume a proper proportion of automobile and truck travel to and from these important centers.
